Acuity Brands Reports Third Quarter Results

ATLANTA – July 2, 2009 – Acuity Brands, Inc. (NYSE: AYI) today announced results for the third quarter of fiscal 2009, including net sales of \$396.6 million, a decline of 23 percent compared with \$512.4 million for the year-ago period. Recent acquisitions represented approximately two percent of net sales in the third quarter of fiscal 2009. As a result of the stronger dollar, the translation impact on international sales reduced fiscal 2009 third quarter net sales by approximately two percentage points as compared with the prior year period. Operating profit for the third quarter of fiscal 2009 was \$41.5 million, or 10.5 percent of net sales, compared with \$71.7 million, or 14.0 percent of net sales, for the year-ago period. Income from continuing operations for the third quarter of fiscal 2009 was \$22.3 million compared with \$41.7 million for the same period a year ago. Diluted earnings per share (EPS) from continuing operations for the third quarter of fiscal 2009 were \$0.54 compared with \$1.01 for the prior year period.

Mr. Nagel, Chairman, President, and Chief Executive Officer of Acuity Brands, commented, "Net sales for the third quarter of 2009 continued to be impacted by the significant decline in construction activity, particularly in key markets such as commercial and office buildings. New construction continues to be impacted by lower economic activity and tight credit markets for real estate lending. We were able to partially mitigate the impact of lower sales, including realizing benefits from our continuous improvement initiatives and on-going streamlining efforts while continuing to invest in innovative and energy-efficient products. During the third quarter, we realized savings of approximately \$10 million from streamlining actions taken in the first half of fiscal 2009. Additionally, results for the third quarter of fiscal 2009 were impacted by higher raw material and component costs, which we estimate were approximately \$8 million higher than the prior year period. During the third quarter, we completed the acquisition of Sensor Switch, Inc. ("Sensor Switch"), an industry-leading developer and manufacturer of lighting controls and energy management systems. We believe the addition of Sensor Switch, along with our recent acquisition of Lighting Control & Design, allows us to expand our capabilities in offering a full array of intelligent lighting products and lighting control solutions in a time when energy management control is critical."

Diluted earnings per share from continuing operations for the nine months ended May 31, 2009 were \$1.36, a decline of 47 percent compared with \$2.55 for the prior year period. Income from continuing operations for the first nine months of fiscal 2009 was \$56.1 million, a decrease of 47 percent versus the year-ago period, while net sales declined 18 percent to \$1,234.8 million. Results for the first nine months of fiscal 2009 and fiscal 2008 include special charges of \$26.6 million, or \$0.41 per diluted share, and \$14.6 million, or \$0.21 per diluted share, respectively. The special charges relate to on-going actions to streamline and simplify the Company's organizational structure and operations. For the nine months ended May 31, 2009, the Company estimates that it realized savings of approximately \$26 million from these actions of which an estimated \$17 million relates to actions taken during fiscal 2009. For the fourth quarter of fiscal 2009, the Company expects to realize an estimated \$11 million of savings from streamlining actions taken during fiscal 2009. Management expects to realize more than \$50 million of annualized cost savings from the streamlining actions taken in fiscal 2009, including the consolidation of previously announced manufacturing operations that are scheduled to be substantially complete by the end of the fiscal year.

The results for both periods exclude those of the specialty chemicals business, which was spun off to the shareholders of Acuity Brands on October 31, 2007 as Zep Inc. The historical results of the specialty chemicals business are reported in discontinued operations. The Company reported a diluted loss per share from discontinued operations of \$0.01 in both the third quarter of fiscal 2009 and fiscal 2008. The losses in both periods represent income tax adjustments associated with previous earnings generated by the specialty chemicals business. The Company reported a diluted loss per share from discontinued operations of \$0.01 for the first nine months of both fiscal 2009 and fiscal 2008.

Including the results of discontinued operations, the Company reported diluted EPS of \$0.53 for the third quarter of fiscal 2009, or \$22.0 million of net income, compared with diluted EPS of \$1.00 for the third quarter of fiscal 2008, or \$41.1 million of net income. Including the results of discontinued operations, the Company reported diluted EPS of \$1.35 for the first nine months of fiscal 2009, or \$55.8 million of net income, compared with diluted EPS of \$2.54 for the first nine months of fiscal 2008, or \$106.4 million of net income.

Cash and cash equivalents at the end of the third fiscal quarter totaled \$28.3 million, a decrease of \$268.8 million from the \$297.1 million at the beginning of the fiscal year. The decrease in cash was due primarily to the retirement of the \$160 million public notes that matured in February 2009 and \$162 million utilized for acquisitions and other strategic investments. Total debt outstanding at May 31, 2009 was \$294.8 million which included \$60.8 million of borrowings under the Company's revolving credit facility and a \$30 million three-year unsecured note issued to the seller of Sensor Switch as partial consideration for the acquisition of the business.

Outlook

Mr. Nagel commented, "Looking ahead, we continue to foresee a very difficult economic environment, particularly for non-residential construction activity, a primary market for us. Key indicators continue to signal declines for both residential and non-residential construction activity for the balance of 2009 and into 2010. Our backlog at the end of the third quarter was down 21 percent on a year-over-year comparable basis.

"We expect our profitability in the fourth quarter of fiscal 2009 to reflect additional benefits from previously announced streamlining actions and lower material costs as compared to the first nine months of the fiscal year. Also, we expect pricing to continue to become more competitive in certain channels and geographies. We forecast cash flows to remain positive through the remainder of fiscal 2009 due to forecasted earnings and lower operating working capital driven by inventory reductions following the completion of the consolidation of certain manufacturing facilities. While the recent acquisitions of Lighting Control & Design and Sensor Switch are important strategic additions with great longer-term potential, we do not expect them to materially impact our results for the remainder of fiscal 2009."

Mr. Nagel continued, "Although near-term results will continue to be negatively impacted by current economic conditions, we remain very positive about the long-term future performance of our company and our ability to outperform the market. We continue to position the Company to optimize short-term performance while investing in and deploying resources to further our profitable growth opportunities for the long-term. With our recent acquisitions, we are creating a lighting controls and energy management platform with extensive capabilities affording us the opportunity to be an industry leader in this rapidly growing market.

"We believe the execution of our longer-term strategies to focus on productivity improvement, accelerate investments in innovative and energyefficient products, expand market presence in key sectors such as the renovation and relight market, and enhance services to our customers will provide growth opportunities which will enable us to outperform the market. Looking beyond the current environment, we believe the lighting and lighting-related industry will experience solid growth over the next decade, particularly as energy and environmental concerns come to the forefront, and we believe we are now well positioned to fully participate in this exciting industry."

Mr. Nagel concluded, "These are extraordinarily challenging times. However, our past and future actions to create value for our customers, invest in our associates to be even more customer-focused and productive, and more effectively deploy assets to generate greater returns for our shareholders should enhance the Company's opportunity to prosper over the long-term."

Please see the Company's Form 10-Q filed with the Securities and Exchange Commission today for more information on the results for the third quarter of fiscal 2009. You may access the 10-Q through the Company's website at www.acuitybrands.com.

Conference Call

As previously announced, the Company will host a conference call to discuss third quarter results today at 10:00 a.m. ET. Interested parties may listen to this call live today or hear a replay at the Company's Web site: www.acuitybrands.com.

Acuity Brands, Inc. owns and operates Acuity Brands Lighting, Inc. and Acuity Brands Technology Services, Inc. With fiscal year 2008 net sales of approximately \$2.0 billion, Acuity Brands Lighting and Acuity Brands Technology Services combined are one of the world's leading providers of lighting fixtures and related products and services and include brands such as Lithonia Lighting®, Holophane®, Peerless®, Mark Architectural Lighting™, Hydrel®, American Electric Lighting®, Gotham®, Carandini®, MetalOptics®, Antique Street Lamps™, RELOC®, Lighting Control & Design™, Sensor Switch®, Synergy® Lighting Controls, SAERIS™, and ROAM®. Headquartered in Atlanta, Georgia, Acuity Brands employs approximately 6,000 associates and has operations throughout North America and in Europe and Asia.

Forward-Looking Statements

This release contains forward-looking statements, within the meaning of the federal securities laws. Statements that may be considered forwardlooking include statements incorporating terms such as "expects," "believes," "intends," "anticipates," "may," and similar terms that relate to future events, performance, or results of the Company and specifically include statements regarding: (a) the Company's ability to execute and realize benefits from initiatives related to streamlining its operations; (b) projected year over year revenue declines; (c) factors expected to impact profitability in the fourth quarter of fiscal 2009; (d) cash flow expectations for the remainder of fiscal 2009; (e) the impact of the recent acquisitions of Lighting Control & Design and Sensor Switch; (f) pricing expectations in certain channels and geographies; and (g) longer-term industry and Company growth expectations and the Company's ability to execute strategies that enable it to outperform the market. Forward-looking statements are subject to certain risks and uncertainties that could cause actual results to differ materially from the historical experience of Acuity Brands and management's present expectations or projections. These risks and uncertainties include, but are not limited to, customer and supplier relationships and prices; competition; ability to realize anticipated benefits from initiatives taken and timing of benefits; market demand; litigation and other contingent liabilities; and economic, political, governmental, and technological factors affecting the Company. A variety of other risks and uncertainties are discussed in the Company's filings with the SEC, including the risks discussed in Part I, "Item 1a. Risk Factors" in the Company's Annual Report on Form 10-K for the year ended August 31, 2008. The discussion of those risks is specifically incorporated herein by reference. Management believes these forward-looking statements are reasonable; however, undue reliance should not be placed on any forward-looking statements, which are based on current expectations. Further, forward-looking statements speak only as of the date they are made, and management undertakes no obligation to update publicly any of them in light of new information or future events.
