ACUITY BRANDS REPORTS FISCAL YEAR 2005 FIRST QUARTER RESULTS

ATLANTA, January 6, 2005 – Acuity Brands, Inc. (NYSE: AYI) announced today that net income for the first quarter ended November 30, 2004 was \$13.2 million, or \$0.30 per diluted share, compared to \$12.9 million, or \$0.30 per diluted share, reported in the year-ago period. This represents an increase in net income of approximately 2%. Sales for the first quarter of fiscal 2005 increased \$7.7 million to \$525.2 million from \$517.5 million reported in the prior year. Please see the Company's Form 10-Q to be filed with the Securities and Exchange Commission today for more information on the results for the first quarter of fiscal 2005.

Vernon J. Nagel, Chairman and Chief Executive Officer of Acuity Brands, said, "Earnings for the first quarter were in line with our expectations in spite of a number of challenges, particularly rising raw material costs which were approximately \$3.5 million higher than expected. Operating profit was essentially

flat with the prior year as benefits from previously announced price increases, a more favorable mix of products sold, and benefits from programs to reduce costs were offset by higher raw material costs and greater expenses related to stock-based incentive programs. We continued to make significant progress in improving our productivity and service capabilities through previously announced programs. From a market perspective, we saw favorable signs of increased demand in the non-residential construction market as incoming orders began to strengthen late in the quarter. While we anticipate that the second quarter will be as challenging as our first quarter, we continue to expect to make meaningful progress in 2005 towards achieving our long-term financial targets, which include improving earnings per share by at least 15% annually as stated in our 2004 annual report."
