

# AYI: ACUITY INC. COMPANY OVERVIEW

JUNE 25, 2026

Mark Architectural Lighting™, Juno®, Gotham® Lighting: CIBC Square, Toronto

# FORWARD LOOKING STATEMENTS

This presentation contains “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995 (the “Act”). Forward-looking statements include, but are not limited to, statements that describe or relate to the Company’s plans, initiatives, projections, vision, goals, targets, commitments, expectations, objectives, prospects, strategies, or financial outlook, and the assumptions underlying or relating thereto. In some cases, we may use words such as “expect,” “believe,” “intend,” “anticipate,” “estimate,” “forecast,” “indicate,” “project,” “predict,” “plan,” “may,” “will,” “could,” “should,” “would,” “potential,” and words of similar meaning, as well as other words or expressions referencing future events, conditions, or circumstances to identify forward-looking statements. We intend these forward-looking statements to be covered by the safe harbor provisions for forward-looking statements

contained in the Act. Forward-looking statements are not guarantees of future performance. Our forward-looking statements are based on our current beliefs, expectations, and assumptions, which may not prove to be accurate, and are subject to known and unknown risks and uncertainties, assumptions and other important factors, many of which are outside of our control and any of which could cause our actual results to differ materially from those expressed or implied by the forward-looking statements. These risks and uncertainties are discussed in our filings with the U.S. Securities and Exchange Commission, including our most recent annual report on Form 10-K (including, but not limited to, the sections titled “Risk Factors” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations”), quarterly reports on Form 10-Q, and current reports on Form 8-K. Any forward-looking statement speaks only as of the date on which it is made. This presentation is not comprehensive, and for that reason, should be read in conjunction with such filings. You

are cautioned not to place undue reliance on any forward-looking statements. Except as required by law, we undertake no obligation to publicly update or release any revisions to these forward-looking statements to reflect any events or circumstances after the date of this presentation, or to reflect the occurrence of unanticipated events, whether as a result of new information, future events, or otherwise.

# NON-GAAP FINANCIAL MEASURES

We disclose the following non-generally accepted accounting principles ("GAAP") financial measures: "adjusted operating profit" and "adjusted operating profit margin" for total company and by segment; for total company only we additionally include: "adjusted net income;" and "adjusted diluted EPS". These non-GAAP financial measures are provided to enhance the reader's overall understanding of our current financial performance and prospects for the future. Specifically, management believes that these non-GAAP measures provide useful information to investors by excluding or adjusting for items detailed in the appendix of this presentation.

We also provide "free cash flow" ("FCF") to enhance the reader's understanding of our ability to generate additional cash from its business.

Management typically adjusts for these items for internal reviews of performance and uses the above non-GAAP measures for baseline comparative operational analysis, decision making and other activities. Management believes these non-GAAP measures provide greater comparability and enhanced visibility into our results of operations as well as comparability with many

of its peers, especially those companies focused more on technology and software. Non-GAAP financial measures included in this presentation should be considered in addition to, and not as a substitute for or superior to, results prepared in accordance with GAAP.

The most directly comparable GAAP measures for adjusted operating profit and adjusted operating profit margin for total company and by segment are "operating profit" and "operating profit margin," respectively, which include the adjustments detailed in the Appendix. Adjusted operating profit margin is adjusted operating profit divided by net sales for total company and by segment. The most directly comparable GAAP measures for adjusted net income and adjusted diluted EPS are "net income" and "diluted EPS," respectively, which include the adjustments detailed in the Appendix. Adjusted diluted EPS is adjusted net income divided by diluted weighted average shares outstanding. A reconciliation of each measure to the most directly comparable GAAP measure is available in the Appendix to this presentation.

We define FCF as net cash provided by operating activities less

purchases of property, plant and equipment. A calculation of this measure is available in in the Appendix to this presentation.

Our non-GAAP financial measures may not be comparable to similarly titled non-GAAP financial measures used by other companies, have limitations as an analytical tool, and should not be considered in isolation or as a substitute for GAAP financial measures. Our presentation of such measures, which may include adjustments to exclude unusual or non-recurring items, should not be construed as an inference that our future results will be unaffected by other unusual or non-recurring items.

# ABOUT ACUITY

## OUR BUSINESS SEGMENTS

**Acuity Brands**  
LIGHTING

**Acuity**  
INTELLIGENT SPACES

## INNOVATORS | DISRUPTORS | BUILDERS

### OUR VALUES

- Integrity
- Time
- Curiosity
- Customer Obsessed
- People
- Earth LIGHT
- Owner's Mindset

### HOW WE CREATE VALUE

- Grow Net Sales
- Turn Profits Into Cash
- Don't Grow the Balance Sheet as Fast

### OUR OPERATING SYSTEM

**BETTER.  
SMARTER.  
FASTER.**

**Notes:**

- In FY2019 we made changes to our pension accounting that moved the presentation of certain costs out of operating profit and into miscellaneous expenses. This change is reflected from fiscal FY17 and is included in all subsequent fiscal years. Prior fiscal years do not reflect this change.
- All numbers were taken from publicly available 10-Ks and earnings release filings that can be found on the AYI Investor Relations website.
